To: Northeast Coalition of Neighborhoods

Dear NECN Staff,

The King Neighborhood Association requests that the Northeast Coalition of Neighborhoods provides fiscal sponsorship of the King Backpack Program.

KNA voted earlier this year to pursue a backpack program to help provide weekend lunches to children attending King Elementary School. The NA voted in August of this year to approve creation of the King Backpack Program in the form outlined in the application for fiscal sponsorship, and voted in September to reconfirm its decision to create the King Backpack Program as a King NA project.

Fiscal sponsorship through the Coalition would provide the Backpack Program with the ability to pursue fundraising at a level that will help us provide lunches for a significant number of children attending King. We are grateful for your consideration with regard to our project; NECN's aid to our neighborhood association and to the projects we pursue has been invaluable.

Sincerely,

Irek Wielgosz, King NA Co-chair

King Neighborhood Association
