May 15, 2012

To Whom It May Concern,

The King Neighborhood Association supports Portland Flea's use of the King School parking lot every third Saturday of the month from June – October 2012. We understand that the space is currently zoned as residential, and we support the use of the Flea's use of the parking lot for non-residential/commercial uses during this specific timeframe. We solicited input from neighbors adjacent to and across the street from the parking lot, in coming to the decision to support Flea's use of the lot.

Portland Flea expresses a commitment to quickly addressing any neighborhood concerns that may arise as a result of the market, and Kate Keefe Sullivan of Flea has agreed to visit with the King NA after Flea opens at the lot.

Sincerely,

Alan Silver
