Date of Request: June 26, 2018

Desired Date for Acceptance: July 1, 2018

Primary Contact: Margaret O'Hartigan

Name of Project: King Neighborhood Association

Telephone: 503-284-5546

Email: margaret@kingneighborhood.org

Address: 5001 NE Garfield Avenue

Website: kingneighborhood.org

1. Please describe your project including its activities for the upcoming year. Provide flyer/materials if available. KNA will return to its purpose as defined in its bylaws, i.e., ESTABLISHING and MAINTAINING open lines of communication/liaison between neighborhood & government agencies. KNA will also return to adherence to ONI Standards, Section II, i.e., considering and acting on issues affecting the livability and quality of our neighborhood. Beginning May 9, KNA is posting all land use notices affecting properties within KNA's boundaries, to notify residents & solicit their comments and advice. KNA is sending out on nextdoor a monthly column on KNA news/info. MONTHLY meetings have been established, and KNA is advertising in the Portland Observer.

2. How will your project continue to address community need(s) in NECN's service area? (See map on the last page for reference.) With election of reform board on May 9, 2018, KNA is now holding special board meetings in areas of King historically ignored by past boards (i.e., west of MLK). The new board has established and will maintain OPEN, TRANSPARENT and RESPONSIVE decision-making as well as a firm commitment to democratic processes & policies. The new board will advocate for King neighborhood and its residents rather than special interests & ideologies. Active outreach by KNA board to community will lead to the community informing KNA of needs.

3. How does your project continue to fit the mission of Northeast Coalition of Neighborhoods? Please explain. The new KNA board is committed to increasing King Neighborhood livability by increasing opportunities for our residents/members to determine how their neighborhood evolve. This is accomplished by ending past board practices of purging membership roster, repeated board appointment of board members without notification of vacancies, removing elected board members (especially minority members); seeking to strip membership from members, and most recently, the former chair's clandestine negotiations to give away part of King neighborhood without consulting or notifying King members and residents. Reform board is promoting amended bylaws (over

4. Who will be involved with the project this year? Please provide an updated list of board and committee members. What is their experience level for a project of this type?
Margaret O'Hartigan, chair (May '18) 10 years' experience director, Filisa Vistima Foundation, an OR non-profit obtaining healthcare/legal assistance for transsexuals.
